

## Daycare & Preschool Medical Care Plan Assistance

To obtain assistance for medical care plans:

1. Parents/childcare provider can call Starting Point at (216) 575-0061 or the Cuyahoga County Board of Health at (216) 201-2001 x 1304
2. A registered nurse will contact the parent to arrange a meeting to collect a health history, sign consents for release of information and develop a plan of care
3. The mandatory paperwork will be completed by the RN and child's medical provider
4. The RN will provide trainings (technical assistance) to child care provider
  - a. Minimum of 2 trainings to staff on the care plan (an initial training and follow up training – usually within 60 days)
  - b. Trainings occur until childcare providers understand care plan and can give return demonstration of treatment/medication administration
  - c. Cases that have medical equipment on loan (ie nebulizer) will receive ongoing trainings

Note: There are a few universal pre-kindergarten programs that they can assist with that are part of school districts, please call for more information
