

# Food Allergy Community School Education and Training Program

Northeast Ohio Food Allergy Network and UH Rainbow Babies & Children's are pleased to offer a school outreach program on food allergy prevention and management.

To schedule a program, the school administration must commit to having teachers, administrators, a school nurse, and a member of the cafeteria staff (ideally director) present for a 60 minute presentation.

Email [info@neofan.org](mailto:info@neofan.org) if your school is interested in participating.

## Experts from Rainbow Babies & Children's will provide:

Description of Food Allergies and Anaphylaxis

Food Allergy Procedures

Requirements of a Food Allergy Management and Prevention Plan

Prevention and Management of Food Allergy Reactions in Schools

Food Labeling/Cross Contact

Lunchroom and Cafeteria Guidelines

Recognition and Treatment of Anaphylaxis

Epinephrine Demonstration

Other topics included: School Transportation, Celebration Ideas, Field Trips, Legislation, Emotional Impact/Bullying

*Donations appreciated to help cover expenses incurred.*
